TUTORIALS, MEETINGS AND CONFERENCE DETAILS (see maps)

TUTORIALS

Three independent tutorials will take place from the 11th to the 13th of December 2024, organized within the framework of the COST Action HiTEc. The first tutorial, “Regularization methods in statistics with an application to brain imaging studies”, will be coordinated by Prof. Jaroslaw Harezlak from Indiana University, USA. The second tutorial, “Bayesian nonparametrics methods”, will be coordinated by Prof. Michele Guindani, UCLA, USA. The third tutorial, “Robust modelling of volatility and other non-negative variables”, will be coordinated by Prof. Genaro Sucarrat, BI Norwegian Business School, Norway. Further details are available on the website. Only participants who have subscribed to the tutorials can attend, either in person or virtually through the conference website.

SPECIAL MEETINGS

The *Econometrics and Statistics (EcoSta) Editorial Board* and the *CSDA and Annals of Statistical Data Science Editorial Board* meetings will take place on Friday, 13th of December 2024. Details to attend will be sent to the associate editors attending the conference in due course.

CONFERENCE DETAILS

Access

- Attendees can choose to participate virtually or in person based on their selected registration option.
- The in-person venue is King’s College London, Strand campus (Strand, London WC2R 2LS, United Kingdom).
- Instructions to access the virtual part of the conference can be found on the webpage.
- Registration will be open on Friday afternoon, from 14:00 to 18:00, during the weekend from 7:45 to 18:00 and on Monday from 8:15 to 16:30 in the Arcade of the Bush House - Central Block (ground floor).

Scientific programme and social events

- The conference will be live-streamed, with no recording available. Virtual oral presentations and posters will take place through Zoom.
- **Scientific programme:** Sessions are accessible online from the interactive schedule. The conference programme time is set in GMT. Indications to access the in-person and virtual rooms can be found on the website. The in-person participants can use S-2.23 as quiet room and to participate in virtual sessions with their laptops and headphones.
- **Coffee breaks:** The coffee breaks will last 40 minutes each (beginning 10 minutes before the times indicated in the program). These will take place at the Great Hall of the King’s Building (ground floor) and the Arcade of the Bush House - Central Block (ground floor). Participants must bring their conference badge to attend.
- **Welcome reception:** The welcome reception for registered participants will take place at the King’s building, Great Hall (Ground floor) and the Chapters (Level 2), on Saturday the 14th of December 2024 from 19:00 to 20:30 (GMT). Participants must bring their conference badge to attend the reception. Information about the welcome reception booking is embedded in the QR code on the conference badge.
- **Christmas Conference Dinner:** The Christmas Conference Dinner will take place on Sunday the 15th of December 2024, at 20:00 at the Ambassadors Bloomsbury Hotel (12 Upper Woburn Pl, London WC1H 0HX). The conference dinner is optional, and registration is required. Participants must bring their conference badge to attend the conference dinner. Information about the purchased conference dinner ticket is embedded in the QR code on the conference badge.
- **Closing networking drink:** A closing networking drink will take place on Monday, the 16th of December 2024, at 18:40 at the pub “The Last Judgment” (95 Chancery Lane, London WC2A 1DT). Participants must bring their conference badge to attend and get their voucher for a drink at the entrance.

Presentation instructions

Virtual presentations will take place through Zoom. Speakers should have a stable internet connection, and ensure their video and audio function correctly. They will share their slides when the Chair requests, present their talk, and answer the questions after the presentation. In-person speakers must copy their presentations onto the conference room laptops and share them on Zoom. Laptops are equipped with a webcam and an omnidirectional desk microphone that captures sound around the desk. Detailed instructions for speakers are available on the website. As a general rule, each speaker is assigned 20 minutes for the talk and 3-4 minutes for discussion. Strict timing must be observed.

Posters

Posters will be displayed on Zoom. In-person participants can optionally join the poster session from the room designated in the programme with their devices. Presenters should enter the poster session 10 minutes before the session starts by following the instructions for accessing it, select the breakout room with their poster code (e.g. E0123), share their poster and remain with their camera, microphone, and audio on throughout the entire session. They should also keep their chat visible.

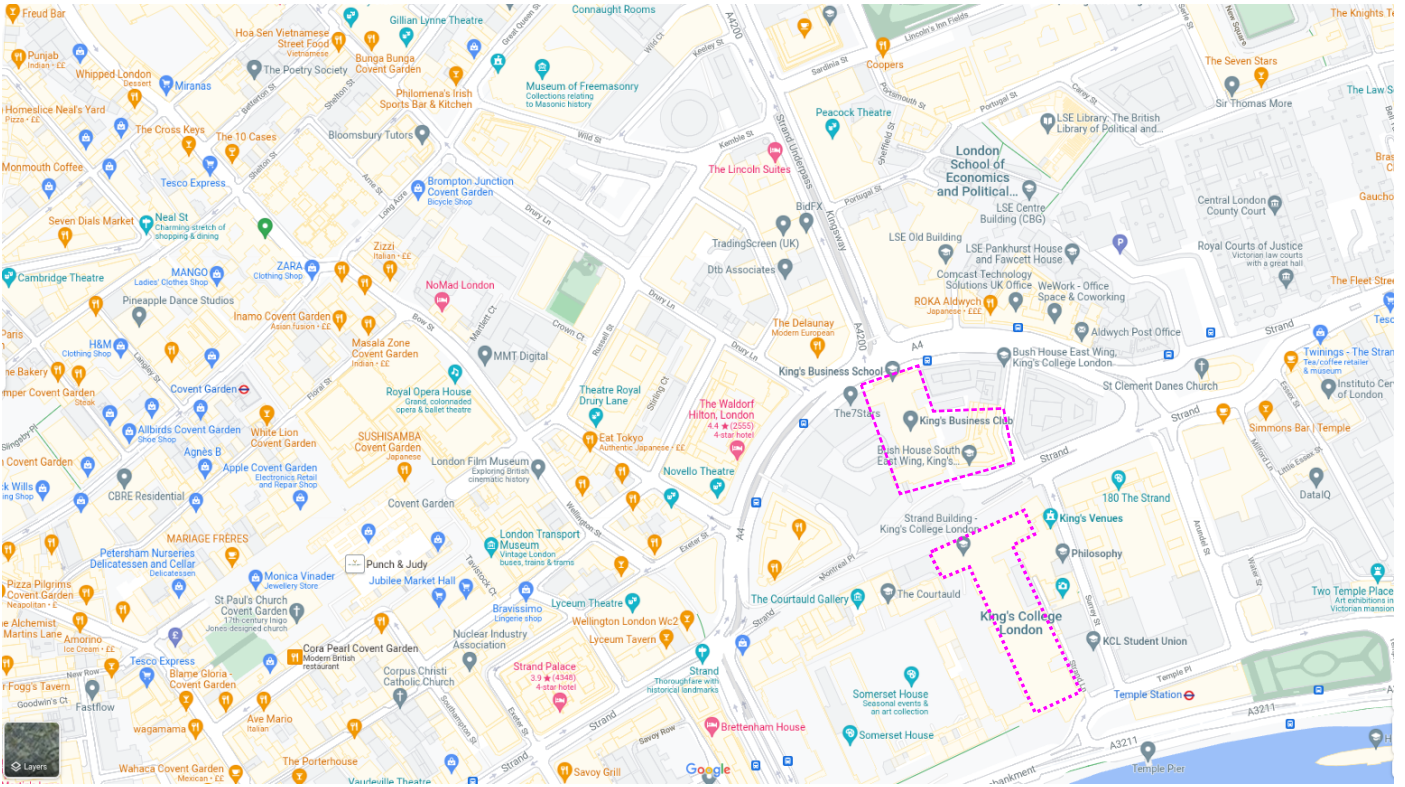

Session chairs

Session chairs will be responsible for introducing the session and speakers, and coordinating discussion time. A conference staff member, identified on Zoom as “Angel”, will assist online. In case of a missing or technical problem with a speaker, the Chair can move to the next speaker and return later if possible. Detailed instructions for session chairs in both virtual and hybrid sessions can be found on the website.

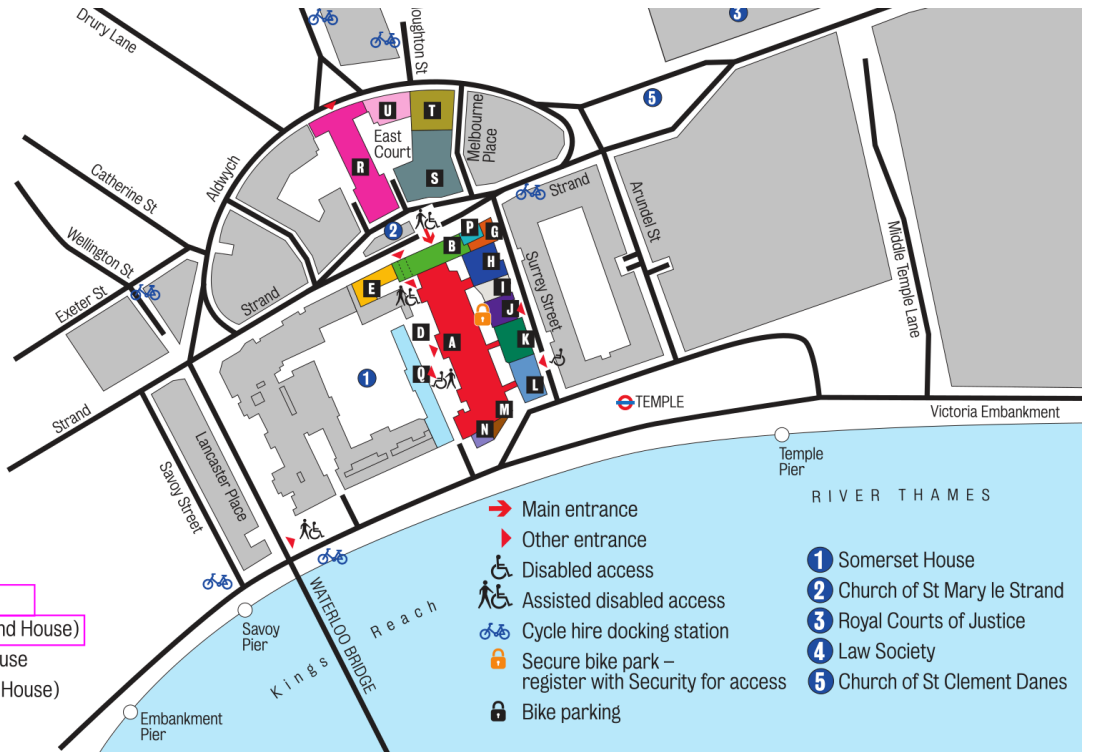

Test session

A test session is scheduled for Saturday the 7th of December 2024 from 14:00 to 14:30 (GMT). Participants will be able to virtually enter the Auditorium from the interactive programme to test presentations, video, micro and audio (e.g., through Slot A). Detailed instructions for test sessions are available on the website.
